Oh. That's mine.

NOM!
Looks like you went a bit overboard with your shopping...

No, that's not it. This is the stuff I plan to take with me.
PERRIP
What do you mean stuff to take back?

.....?

RIP

TADA

TADA
Look at this. There are so many types of syrups in the human world!
I bought them all!
TADA

So you're saying all of that is syrup?!

Oh? Miel... Where are you going?

I must return now.

Back to heaven?
I'm not sure. Probably to some lab swatting me with new equipment.

You're going back already?

Since there's no further reason for me to stay here.

Oh yeah. I have something for you.
CRINKLE

Here. It's a gift.

This is..... Flos?

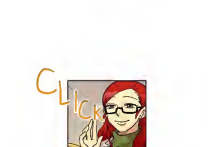
Yes. It's the seed of Flos.

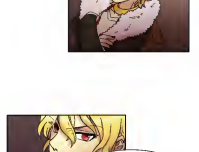
Why are you giving this to me?

You never know. You might need it some time.

Just to let you know, this is a little different from other Flos.
It's the one I treasure the most.
Woah!

Time I leave for school 8:20.
15 minutes to get there = tardy





Why did CL erase Yuh-eol's memories.

And why is he still by her side despite that.

I'm very curious.
